AAMA Global Balanced ETF Model Portfolio

As of 9/30/2026

Portfolio Objective

The Global Balanced ETF portfolio seeks long-term appreciation of capital and interest income.

Portfolio Strategy

The following tactics and strategies are deployed within the Global Balanced ETF portfolio to support its capital appreciation and interest income objective:

- The portfolio is invested in exchange traded funds (ETFs) that primarily hold domestic and international common stocks.
- Holdings may have significant concentrations in specific sectors of the economy.
- Allocations between stock, bond, and money market funds will be adjusted monthly based on AAMA's proprietary equity market valuation process. Equity market exposure will range between 40% and 80% of assets.
- The portfolio targets a 9% allocation to international equity markets.
